

AdvancedMiner – how to install license key

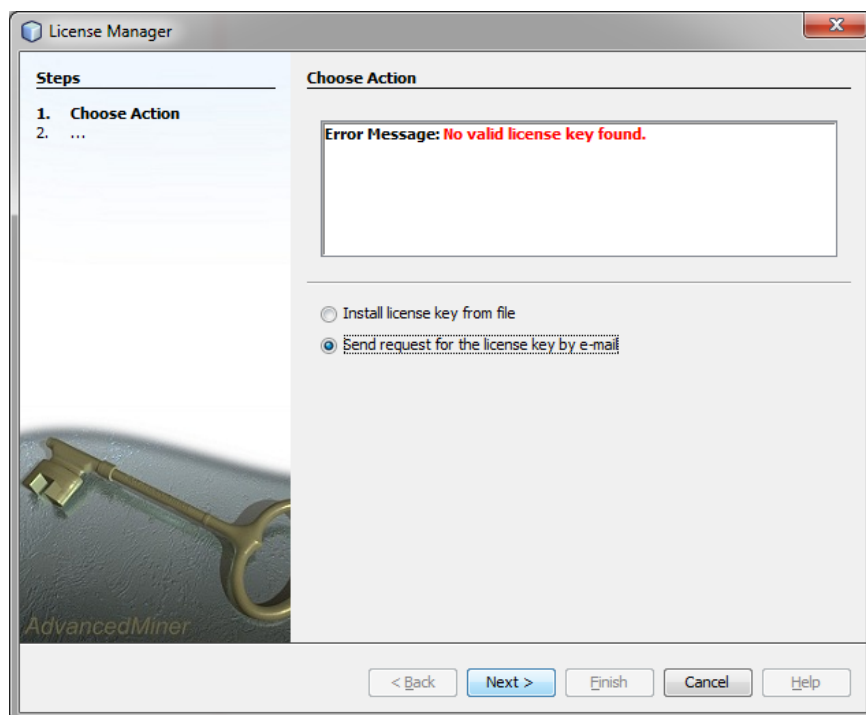

Step 1

From AdvancedMiner's menu choose *Help* and then *License Manager*.

Step 2

Choose *Send request for the license key by e-mail* and click the *Next* button.

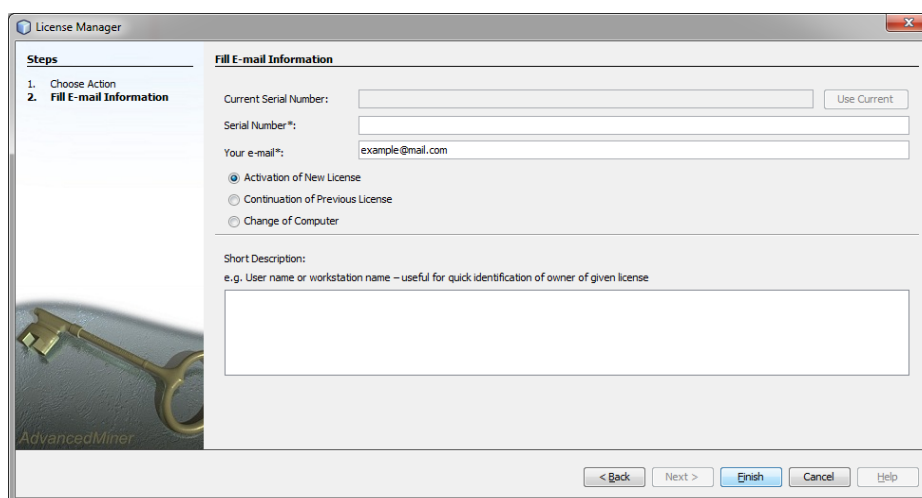

Step 3

1. Write the following Serial Number - **AM_COMMUNITY_EDITION**
2. Write the e-mail you used while filling the download form. The file with AdvancedMiner license key will be sent to this e-mail.

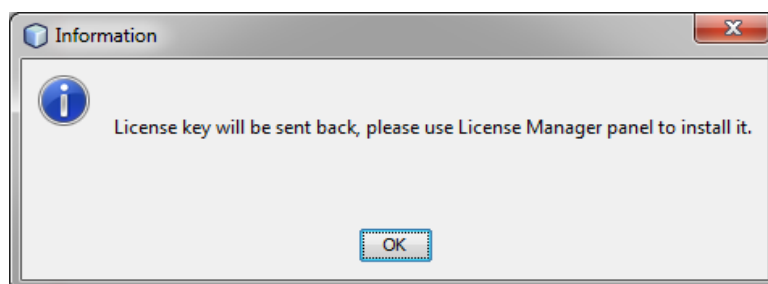

3. Select *Activation of New License*

Now click the *Finish* button.

If everything done correctly, the following information will be displayed.

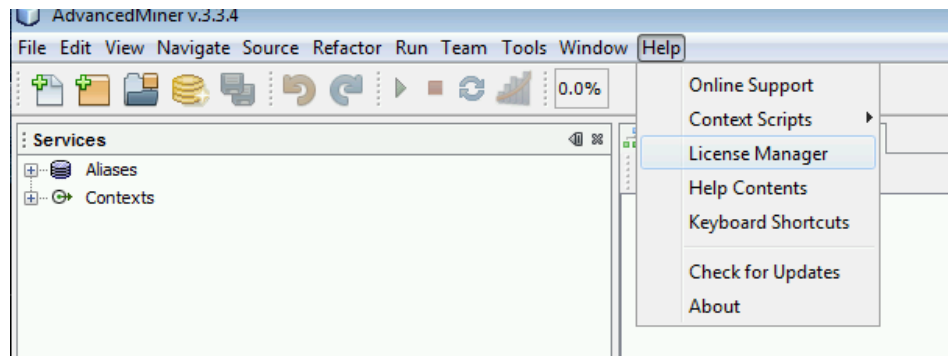

Step 4

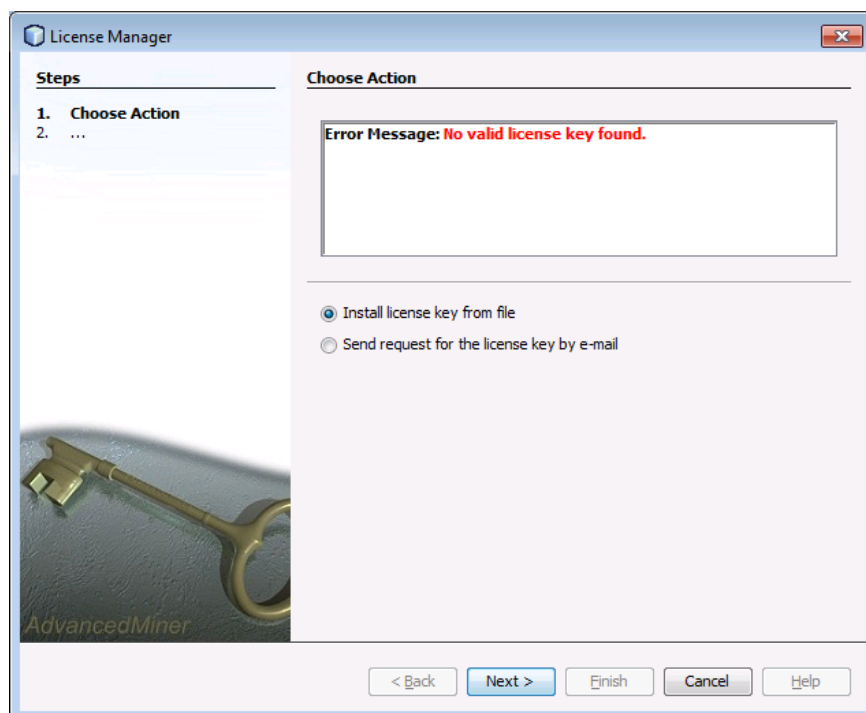

After receiving AdvancedMiner license key (file: license.key) via e-mail you will need to install it in the system. I will show you how to do this.

1. Open License Manager in AdvancedMiner

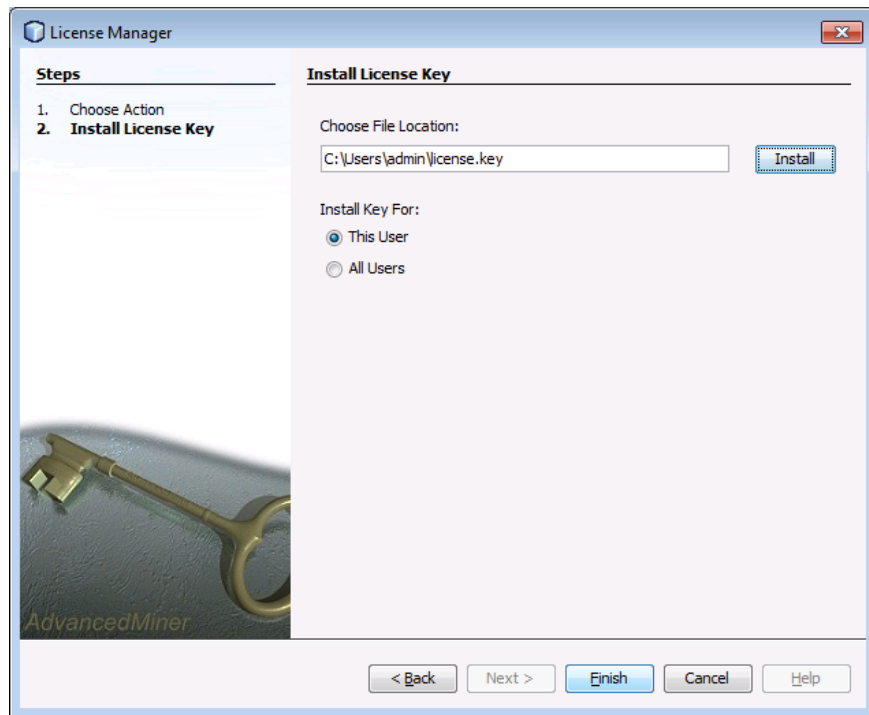

2. Choose *Install license key from file* and press the *Next* button

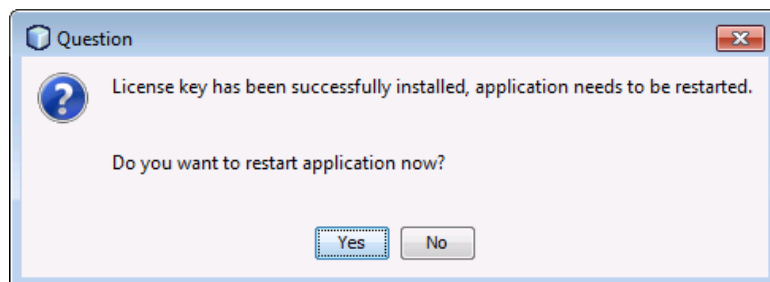

3. Click the *Install* button and indicate the location of your license key

Now click the *Finish* button.

4. The last thing to do is to click the *Yes* button to restart the system
